

# Danfoss IXA Refurb Program

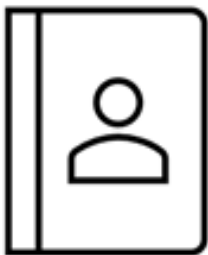

*Danfoss*

IXA

Keep your emission monitoring analyzer operational 24/7

Exchange of emission analyzers is determined to ensure continued 24/7 measurement of emission gasses and compliance in TIER III ECA areas as per MARPOL Annex VI.

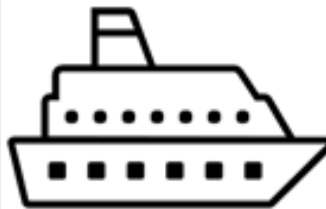

When choosing a refurb program, you get a simple solution for exchange of your analyzer in operation.

Submit refurb request to IXA

IXA sends RMA and offer

Refurbished analyzer delivered

Old analyzer returned to IXA
